

REBEKAH ASSEMBLY GATHERS IN ANNUAL MEETING TOMORROW

Representatives of District
Three, Embracing Seven
Lodges, to Come

AFTERNOON-EVENING SESSIONS

Under the leadership of Mrs. Mary D. Runyard, Antioch, the eighteenth annual assembly of District Three, the Rebekah lodges, will meet in Antioch Friday, May 16. The meeting will convene at 1:30, daylight saving time, in the Woodman hall.

After being called to order and the reception of visitors, the address of welcome will be given by Mrs. Belle Schlosser, Antioch, and the response by Mrs. Elizabeth Brown, Waukegan, vice-president of District Three. Routine business will follow, succeeded by memorial services conducted by Barrington lodge 626.

Following the reports of committees, Mrs. Grace Balfrost, Waukegan, vice-president of the Rebekah state assembly of Illinois, will install the new officers for the district.

A special session will be held at five o'clock in the afternoon, followed by an evening session at 8:00 p. m., daylight saving time. Featuring the former meeting will be the conferring of the assembly degree. The latter session begins with the opening of Lakeside Rebekah Lodge 82, welcoming the visitors and assembly officers, exemplification of Rebekah degree by Justin Rebekah lodge 784, and an address by Mrs. Olive Williams.

Roster of Officers

The district officers who will co-operate with the assembly officers in the work of the assembly are: Mrs. Mary D. Runyard, Antioch, president; Mrs. Elizabeth Brown, Waukegan, vice-president; Mrs. Dorothy Kable, Palatine, warden; Miss Goldie Davis, Antioch, secretary; Mrs. Edna Watkins, Highland Park, treasurer; and Mrs. Gladys Hopkins, Highland Park, junior past president.

The assembly officers, who are in primary leadership of the assembly, are Mrs. Olive Williams, Salem, president; Mrs. Grace Balfrost, Waukegan, vice-president; Mrs. Bertha Smith, Herrin, warden; Mrs. Mae E. Crowell, Rockford, secretary; Mrs. Emma Turner, Chicago, treasurer; and Mrs. Ida E. G. Sherman, Chicago, chief of examiners and instructors.

The appointive officers of the assembly, who assist in the meeting, are Mrs. Marie Bockelman, Palatine, conductor; Mrs. Margaret Whitney, Libertyville, chaplain; Mrs. Grace Balfrost, right supporter to president; Mrs. Belle Schlosser, Antioch, left supporter to president; Miss Ellen Pearson, Waukegan, right supporter to vice-president; Mrs. Susie Schwartz, Barrington, left supporter to vice-president; Mrs. Helen Cowan, Crystal Lake, inside guardian; Mrs. Alice DeYoung, Waukegan, outside guardian; and Mrs. Gladys Hopkins, Waukegan, musician.

Banquet Served at Six O'clock
A banquet will be served at 6:00 o'clock, daylight saving time, in Clark's Cafe, under the direction of Mrs. Sanford Clark. A special arrangement of the dining room will be made and the decoration colors are to be pink and green. At the close of the evening program ice cream and cake will be served by Lakeside Rebekah Lodge 82.

An attendance of 150 to 200 delegates from the seven participating lodges and visitors are expected to be in attendance.

T. Alfredson, Chicago, Reports Stolen Camera

The sheriff's office at Waukegan has forwarded to R. F. Allner, deputy sheriff, a letter from T. Alfredson, 7722 So. Halstead street, Chicago, in which Alfredson reports the theft of a Graflex camera from the house near Antioch, where he spent Sunday night, after being driven to shelter by the rainstorm early in the evening.

Other than that the house was a summer home within two miles of Antioch, Alfredson is indefinite as to the location. He says that he took shelter there, spent the night, and walked into Antioch Monday morning for help with his car. Rather than carry the camera, he secreted it between the screen door and door of the cottage. Mr. Allner has no clues as to the theft.

Alfredson said his living depended upon the machine and was especially urgent that officers attempt to locate

Modern Ulysses on Daring Voyage

Capt. Nicholas Gongopolous, intrepid Greek sailor, starting from Miami, Fla., for Athens in his little boat, the smallest in which the crossing of the Atlantic ocean ever has been attempted. He is provisioned for four months and plans to make stops at the Bahamas, Bermuda and the Azores on his way to Greece.

MANY PLAN TO ATTEND H. S. MUSIC FESTIVAL AT LIBERTYVILLE MON.

Raymond F. Dvorak to
Direct 850 Picked
Musicians

Many people of Antioch and surrounding territory are making arrangements to attend the Conference Music Festival which is to be held at Libertyville next Monday night. Antioch will have 73 boys and girls performing in the five organizations, band, orchestra, boys' glee club, girls' glee club, and chorus. Representatives from the ten schools belonging to the conference will be joined into these five large organizations.

Dvorak to Conduct

Raymond F. Dvorak of the University of Illinois will conduct the organizations. His technique and personality are a great inspiration to musicians and audience as well. The great chorus of 300 voices will furnish a thrill worth traveling many miles to experience.

All of those who attended the Festival last year at Bensenville will insist on attending at Libertyville. Many others who previously did not know the nature of the Festival will also be present.

The committee in charge is trying to make this the greatest high school music event in the middle west.

Antioch Firemen To Have Barn Dance At Horton Farm

Antioch firemen and their friends will frolic in a barn dance at the farm of Eldora Horton near Pikeville Corners Saturday night, and the postoffice boys' orchestra of Kenosha will do the music numbers. Many are planning to attend, as dances put on by the local firemen are always enjoyable.

The large new barn on the Horton farm replaces the one destroyed by fire last year. The Antioch firemen made a valiant but unsuccessful effort to save the building. They did succeed in saving other buildings near by and in appreciation of this Mr. Horton invited the firemen to use his new barn to hold the dance.

Antioch 4-H Club Holds First Meeting

Last Tuesday the Antioch 4-H club held their first organized meeting of the year. A very interesting program was given.

Robert Hughes spoke on "The Origin and History of the Holstein Cow." Ward Edwards spoke on "Planning and Growing of a Vegetable Garden." Harry Johnson discussed "The Brooding and Rearing of Baby Chicks." After the talks an identification contest was held. This was won by Russell McNeil who named 70 of the 75 objects in the contest. The next meeting will be a Camp Fire session some time near the 15th of June.

Grade School to Hold Annual Exhibit Friday

All parents and friends of Antioch grade school children are invited to attend the annual exhibit of work which will be held Friday, May 16, from 2:00 to 5:00 in the afternoon and from 7:00 to 9:00 in the evening, at the grade school building.

Each room is to exhibit some of the work which they have done during the past year. Though the best work done will naturally be shown, nevertheless the exhibit as a whole should prove very interesting to parents and friends interested in the progress of Antioch children.

ODD FELLOWS WILL GATHER HERE TONIGHT

Thirteenth District Meeting
Will Be Held in Antioch
at Parish Hall

An evening of music, comedy, good fellowship, and Oddfellowship awaits the gathering of the Lake County Odd Fellows this evening when they meet here as guests of Lake Lodge 723 of Antioch in the regular May monthly meeting of this association.

Some hundred or more Odd Fellows are expected to be in attendance this evening, as there were 110 or more at the last monthly meeting and as considerable interest has already been manifested by the lodges of Waukegan, Libertyville, and Highland Park, which, with Antioch, compose the county association. Moreover the meeting is open to all men and young men of this community who desire to attend.

A large delegation is expected from Waukegan, under the leadership of Peter DeYoung, district president, and Daniel Parr, district secretary. Libertyville has chartered a special coach and a large group will be present from that lodge, including Geo. Small, district deputy. Highland Park will bring one of the speakers of the evening, Rev. Carr, with an enthusiastic representation.

Comedy, Music, Speeches
The meeting will convene at the Woodman hall at 7:30 p. m., and will march to the Parish Hall of the Episcopal church, where the program will begin at 8:00, standard time.

The meeting is purely one of fun and fellowship and no secret work of any kind is done. Each lodge makes a contribution to the program. The Odd Fellows Lake County band comes from Libertyville, members of the Waukegan lodge will give a comedy skit, there will be a novelty piano and banjo player from the Highland Park lodge, and Antioch lodge's contribution will be music by the "Hungry Six" German band. Sandwiches and coffee will be served during the evening.

Local arrangements for the meeting have been under the direction of R. E. Barnstable, noble grand of Lake Lodge 723, William Hallwas, vice grand, and Floyd Horton, secretary.

Cemetery Association Elects Officers

Mrs. Walter Taylor was elected president of the Hillside Cemetery association at the last meeting of that body, succeeding Mrs. William Smart, who has served during the past year. L. G. Strang was chosen president of the board of managers.

SPECIAL SESSION OF LEGISLATURE TAKES RECESS TILL MAY 20

Consideration to be Given
to Just Division of Tax
Burden

COOK COUNTY ASKS RELIEF

The state legislature of Illinois met in special session at Springfield Monday in response to a call by Gov. Louis L. Emmerson to consider legislation to more fairly distribute the tax burden of the state.

The prime purpose of the session will be the drafting of a new taxation law, though several minor matters were mentioned in the call. It is the belief of the governor that there are several billion dollars of wealth, not in the form of real estate, that is, under the present taxation laws, escaping its just share of tax. The call sets forth this notion, in plain language, in the second paragraph—

"Whereas, by reason of the constitutional requirement of uniformity of taxation of all property, the great wealth of taxable property in this state is in large measure escaping taxation and an unjust and disproportionate share of the cost of government is being borne by the owners of homes, businesses and farms."

Propose Raising Bonding Limit
Various proposals as remedies for the existing situation have been made. One suggests that certain constitutional limitations on the state's taxing powers be removed and vested in the legislature. Another is that the bonding power of municipalities be increased; another that a state tax bureau be established for continuous study of taxation.

Special proposals originated from governor himself, from a state revenue commission appointed by the governor, and from the citizen's relief committee of Chicago.

POPPY DAY WILL BE OBSERVED SATURDAY

Auxiliary Girls, Directed by
Mrs. John Horan, to Sell
Poppies on Streets

Poppies, made by disabled World War veterans, will be sold on the streets of Antioch Saturday, May 24, when National Poppy Day will be observed. Proceeds from the sale will go into funds used for the relief of war veterans and their families.

Honoring the dead soldiers and helping the living soldiers is thus accomplished at one time. By wearing one of the little red poppies individual honor can be paid to the men who gave their lives for America in the war; and the purchase price paid is used, every cent of it, in making life brighter for the men, women, and children who are still paying the price of our victories in the World War by their suffering and hardships.

The girls and women of the Legion Auxiliary who will conduct the street sales Saturday under the leadership of Mrs. Horan are merely giving the rank and file an opportunity to contribute to a great cause. They should be given a ready and generous support.

To Keep The Faith
By MOINA MICHAEL
Oh, you who sleep in Flanders' fields,
Sleep sweet—to rise anew.
We caught the torch you threw
And, holding high, we keep the Faith
With all who died.

We cherish, too, the poppy red
That grows on fields where valor led.
It seems to signal to the skies
That blood of heroes never dries,
But lends a lustre to the red
Of the flowers that bloom above the dead
In Flanders' fields.

And now the torch and poppy red
We wear in honor of our dead—
Fear not that you have died for naught;
We've learned the lesson that ye taught
In Flanders' fields!

Ralph C. James, a former Antioch boy, has led the Hyde Park "Y" volleyball team to its third national championship within the last four years. The third national championship was copied May 10 when Hyde Park beat Brooklyn in the finals of the national tournament at Columbus, Ohio.

Vocational Ag. Boys Study Marketing In Chicago Wed.

Sixteen boys with their teacher from the Antioch High school spent Wednesday in studying livestock marketing as guests of the Chicago Livestock Producers association and Swift and Company. They listened to lectures and demonstrations given by the head buyers of Swift and Co., and to talks by the head salesmen of the Chicago Producers association. The boys were entertained at dinner by Swift and company and later shown through their Packing Plant and that of Libby, McNeill and Libby.

Those who attended from Antioch were: Howard Mastne, Ralph McGuire, Kenneth Denman, Frank Hahn, Norman Barthel, Jasper McCormack, Ward Edwards, Fred Griffin, Lloyd Barnstable, Russell McNeil, Arthur Cook, Chas. Ferris, Bertrand Galiger, Clarence Galiger, Howard Schneider, Edmer Sheehan, Albert Herman, and C. L. Kuttel.

SEEKS TO ORGANIZE GLIDER CLUB HERE

Enthusiasts for Project to
Hold Meeting Friday
Night

Organization of a glider club for Antioch men is in prospect, according to Ted Stanford, of the Midwest Airways, Milwaukee, Wis., who was in Antioch Monday seeking to enlist the interest of young men of the community in the formation of such a club and financing the purchase of a Detroit Gull glider.

Considerable interest was shown Monday evening when a number of young men met to discuss the project and to listen to what Mr. Stanford had to say about the sport of gliding.

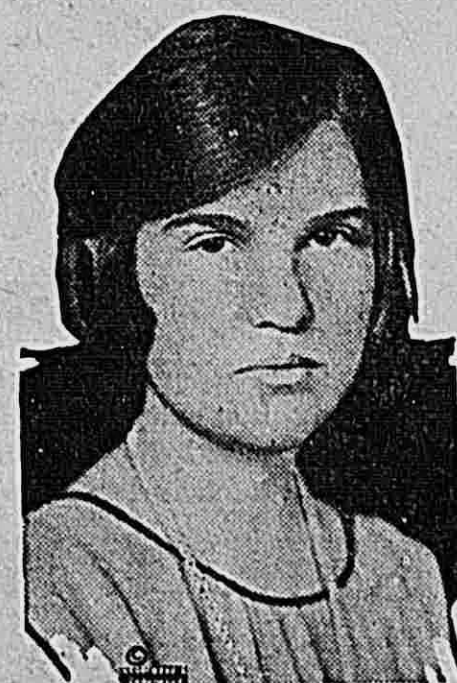

Meeting Friday Night
A second meeting of those interested will be held Friday evening at seven o'clock in the village hall. Everyone interested is invited.

"Gliding," says Col. Charles Lindbergh, "is destined to become one of the nation's popular sports." A glider is merely a motorless airplane, the take-off being by man-power or by having the glider towed by automobile power. Gliding teaches the rudiments of flying, without the great element of danger always present in the powered type of plane, according to Mr. Stanford.

Along with radio, aviation offers one of the newer fields of endeavor and the interest of young men should be encouraged, according to many of the older men of Antioch. Many of the business men, it is believed, will get behind the move to organize a glider club, or even an aviation club here, and the time is not far distant when such an organization will have to come into being if Antioch is to progress in this line along with her neighbors. For this reason many of the older men of the community should attend the meeting with the young men tomorrow night to advise and to urge a thorough investigation of any plan that seems worthy of adoption.

W. B. Gilmer, lessee of the Blue Lantern pavilion, Channel lake, received today 300,000 northern and wall-eyed pike for planting in the waters of Channel lake and adjacent lakes. The minnows came from the Lincoln Park hatchery, Chicago.

MISS HUGHES TO WED

Miss Elizabeth Hughes, daughter of Chief Justice and Mrs. Charles Evans Hughes, whose engagement to William Thomas Gossett has been announced. Mr. Gossett is a member of the New York law firm of which Chief Justice Hughes formerly was the head.

BLUFF LAKE WOMAN PLACED UNDER BOND ON CHARGE OF ARSON

Mrs. John Nixon Accused
of Burning Cottage, with
Loss of \$2,000

FIRE OCCURRED MARCH 15TH

Mrs. John C. Nixon, of Lake Bluff, surrendered to the sheriff's office in Waukegan at four o'clock Wednesday afternoon on a warrant charging her with arson in connection with the burning of a cottage owned by her at Bluff Lake, March 15, 1930. The charge is that Mrs. Nixon burned the cottage in order to collect the insurance. The warrant is based on a complaint signed by George T. Scrivner, deputy state fire marshal, who conducted an investigation of the fire.

Denies Charges

Mrs. Nixon is quoted in The Waukegan News-Sun as saying in an interview this morning that she was absolutely innocent of the charges. "My daughter and I were 50 miles away when the fire happened," she said. "We were visiting my sister in Oak Park. I knew nothing about the fire until three o'clock the next afternoon. It is a terrible thing that I should be accused of setting the fire."

Mrs. Nixon was released on bonds of \$5,000, signed by her husband, John C. Nixon, pending a preliminary hearing before Justice Henry Wallenstein on Wednesday, May 21.

Fire Marshal Asked to Investigate
The fire in question occurred early Saturday morning, March 15. The building burned was a summer cottage, and it and the furniture and the clothing of the family that had occupied it were entirely destroyed. The loss was estimated at the time to be about \$2,000.

Strange circumstances surrounding the fire prompted members of the Antioch fire department, which had been called out to fight the flames, to report the matter to the state fire marshal's office. Mr. Scrivner was assigned to the case and came to Antioch March 19 to make an investigation. The insurance on the building, said to amount to \$2,000, issued through the Merchants of Milwaukee Fire Insurance company, was held up pending the result of the state fire marshal's investigation.

Tells of Second Fire Attempt

Shortly after the fire Mrs. Nixon exhibited an anonymous letter threatening dire consequences to the Nixons should they establish a tourist camp on their Bluff Lake property. In the interview of this morning Mrs. Nixon stated that an effort was made shortly after March 15 to burn another of their cottages. Several mattresses had been piled up in a corner of the building and set on fire, but the fire died out without any serious damage. Mrs. Nixon also expressed the opinion that she was the victim of vicious people.

Sounding Auto Horn Gives Alarm of Fire

The continued blowing of the horn on a new model Ford car which aroused horsemen sleeping in the rooms above probably prevented a disastrous fire at the Onwentsia hunt club near Millburn Sunday morning.

Horsemen sleeping in rooms above the garage in which the two Fords were stalled were awakened about 4:30 o'clock by the prolonged blast of the motor horn. Fire had shortened its electrical connections and set it going. Investigation showed that the garage was in flames and that one of the cars was quite badly damaged.

The Antioch fire department was called immediately and made a run to the fire, but found it extinguished upon their arrival. The fire-fighting brigade of the attendants of the hunt club were praised for their effective work by the Antioch firefighters.

Damage was heaviest to one of the cars, which was practically ruined, while the one that sounded the alarm was damaged to the extent of \$150 or so. A hole was burned through the ceiling of the garage and into the sleeping rooms above, causing a damaged of about equal extent.

The Ford which sounded the alarm that probably averted a heavier damage, has passed through a previous fire. Evidently the experience was not a pleasant one for it, judging by its howls for relief when threatened Sunday morning.

SINCE ADAM AND EVE

"Since Adam delved and Eve span" the job of being parents has been at once the most important and the most difficult job of life. One of the most truthful statements ever made is found in "the hand that rocks the cradle rules the world." The infant of today is truly the citizen of tomorrow, and upon the health, the training and the scope for success of the infant of our nation depends the health, the training and the success of our nation.

Being parents today in Antioch is not the job it was when we were "the walked" and not the "walkers" those long nights through. In those days, from the entrance of the youngster into this world of living, to the day when he first became of independent age, there was not the round of scientific preparation and aids which today have been achieved.

In this age, "Better Baby" contests begin the highly competitive life of the infants, and continue in competition on up through football and business conquests of later life; and all the way their progress is marked with training and advantages never known before.

Here in Antioch with our hearts (as human hearts always will be) turned toward the toddlers who are the center of our life, we must keep in mind the health con-

ditions, school conditions, recreational possibilities, and governing restrictions which affect them.

A better educated group of parents will mean a better and safer childhood period for the children of our town. On every hand we have available information which will help us in this our biggest job.

It will mean that more of them grow up to healthful manhood and womanhood; it will mean that they will be clearer thinking men and women, and it will help to keep them here to repeat in their own turn this greatest job in Antioch.

IS DEMOCRACY TOTTERING?

President Hoover, when Secretary of Commerce, said that there were more than 200 Federal bureaus, boards and commissions which are empowered to make rules and regulations which have the effect of law.

This trend is increasing and no matter how much we talk of individualism and democracy we are headed straight toward communism. The citizen has less to do with regulating his business and social life; the official has more and more. We are all subject to the whims of a spreading bureaucracy.

Too many citizens protest privately, yet elect political demagogues seeking dictatorial powers. The inevitable result is a torrent of regulatory and restrictive laws of all kinds.

In the past quarter-century so-called constitutional rights have been abrogated on a wholesale scale. Even freedom of speech is threatened.

American industry has been reviled by politicians and private citizens have been hailed before inquisitorial bodies and treated with disrespect and contempt. Officialism has been triumphant.

Will the people let democracy fail?

Old
Eagle
Eye
Says--

"Business is not so bad," grinned the knife and scissors grinder, who plied his trade in Antioch Wednesday. The itinerant grinder was making his first swing around the circuit which includes Milwaukee on the north and Woodstock and Elgin to the west and south. "Business was pretty good last year," the man said. His headquarters are in Chicago.

Yesterday was circus day in Antioch. Wonder of the younger generation got as much kick out of it as the old man did when he was a kid and used to help carry water for the elephants. Maybe not too many counter attractions these days.

"Business is picking up and I don't need to advertise now," remarked a local merchant who had gone through the winter without advertising "because he couldn't afford it." Reminds one of the man whose house had a leaky roof. When it rained he could not fix it, and when the sun was shining he did not need to repair it.

Run on now boys, and pay your taxes like good fellows. You have enjoyed the protection of a civilized country in 1929. Uncle Sam sells this protection to merchants and other citizens, whether they want it or no, and insists on making a charge for the service in the form of taxes. No good citizen objects to paying for a worthy service rendered, whether it be the federal government or the local fire department that has extended such service or protection.

One Antioch woman, who likes her morning beauty nap, walls that she wants added to the list of undesirable citizens the chap who insists on taking his exercise by pushing a lawnmower at six a. m. Madam, 'tis done, his name is on that list, and what's more, may his shadow grow less and less.

Antioch hotels were filled from basement to garret by the influx of the pleasure-seeking week-end crowd, according to Chet Waldo, mine host at the Antlers, who also has opened the Antioch hotel for roomers. Hard times may come, and then go, but the tourist goes on forever. Which goes to prove that there are two things from which a man will not part, regardless of the times—his vacation and his liquor.

Antioch dropped the first game of the baseball season to Wilmot Pirates. Too bad, but then the season has just started. The locals travel to Silver Lake next Sunday.

A well known local business man remarked: "The first thing to learn about business is to get the bucks." Maybe so, but isn't it like advising a young man to get the money and then begin his career—to begin at the top and work down? Is it not better advice to say: "The first thing to learn about business is to find out how to render a useful and honorable service?"

The Schools and Good Manners

By THOMAS ARKLE CLARK
Dean of Men, University of Illinois.

They have organized a campaign recently at the Princeton (New Jersey) high school for the development of good manners, so the newspapers tell us. I had supposed that training in manners and courtesy had its seat in the home. It was once so, at least, but very likely I am wrong. Mother taught us to take off our hats

when speaking to ladies, to show respect for old people, to rise when anyone came into the room, to keep quiet when visitors were talking, and to say "please excuse me" when walking in front of anyone. I suppose it isn't done that way now. The schools must take care of manners as they are now responsible for morals and for the general education of young people. It is heartening, however, to know that some one has recognized the fact that good manners among young people are decadent and that a revival of interest in courtesy is in order.

Now as to taking off the hat, I see every day hundreds of young men from the best families of the country, or at least so these young fellows admit. They walk through the halls of college buildings with their hats on their heads cocked at every variety of angle. They stop to talk to young ladies with no remote conception that it would be better manners if they took off their hats. You see them in

college offices sitting with their hats on—in their own houses, everywhere in fact. The fact that young women are present makes no difference; the hats are still on. Possibly the reason many do not wear hats at all is that it is too much trouble to take them off.

I don't know why we have lost an interest in the refinements and the courtesies of life as we undoubtedly have. Are we more selfishly looking after our own pleasures and interests than we once did, or has the hurry and bustle of the age left us too little time to be polite? I was out driving yesterday on a somewhat congested highway. It was interesting to me to see how little consideration the majority of drivers gave to the comfort or safety of others. They splashed my car with mud as they went by; they cut in when there was scarcely time or space for the maneuver. They all seemed in a mad hurry to get somewhere regardless of other people's rights or safety. If the schools are to give training in good manners there is a wide and uncultivated field open in the matter of automobile manners.

Even if one is selfishly looking out for his own interests good manners furnish a most direct road to the accomplishment of one's purposes. Everyone is well disposed toward the good mannered man. It is a good field for the schools to work in, but it is after all a burden which should not rest there. If young people are ill-mannered the difficulty and the solution really lie at home. Our children are ill-mannered most likely because we ourselves are. The schools will have a hard time unless the home becomes different.

CHANNEL LAKE COUNTRY CLUB NEWS

— What Members of Popular Organization Are Doing —

Only a few more weeks and the club members will once more be moving into their lake cottages and the activities will be in full swing. The dining room arrangements have all been completed and are now in operation, and the new "chef" and his wife, Mr. and Mrs. Marlon, are prepared to fill all short orders, and probably by the end of this week, will be serving regular dinners. It is their aim to make their prices reasonable and the meals good, and to make the dining room one of the strong drawing cards for both old and new members. Let us patronize them as often as possible and to encourage them in their efforts to make good.

Reservations for the last luncheon of the winter season, which takes place at the Woman's University club on Thursday of this week, are coming in nicely and a most delightful affair is anticipated.

Decoration day is only two weeks away, and our program committee has planned a very interesting schedule of events for the week-end. Do not fail to make your plans to attend these club functions. This will be our first real "get-together" party of the new season which no one should miss. Read the new calendar and make your plans accordingly.

NEURITIS PAINS YIELD QUICKLY TO NEW KONJOLA

Astonished Lady Recommends New Remedy—Suggests Each Family Use It Regularly

MISS G. STERLING

"I was so tortured by neuritis that I was unable to raise my arm above my head," said Miss G. Sterling, 2521 Jackson Blvd., Chicago, Illinois. Terrible pains would shoot from my shoulder to my elbow, and at times I was almost frantic. Along with this I was badly constipated, and my whole system was in a run-down condition. I had little ambition to do anything, and meals were a source of anguish.

"My father recommended Konjola to me because he had received such wonderful results from it. I bought

three bottles and Konjola cleaned my whole system, and regulated my bowels and digestive organs so that I can eat anything I please without fear of bad results. The neuritis simply fled before the wonderful powers of the new remedy. I owe more to Konjola than I can ever tell, and I think each family should use it once a year for it is a wonderful tonic as well as a medicine."

Konjola has become the most talked of medicine in the world because it makes good. And Konjola makes good in those most stubborn cases when given a fair trial. Six to eight bottles are recommended as a fair test.

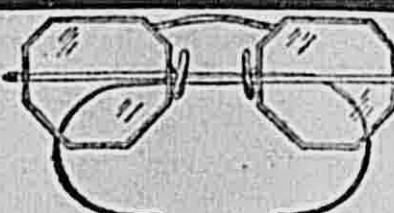

Konjola is sold in Antioch, Illinois, at S. H. Reeves' drug store, and by all the best druggists in all towns throughout this entire section.—Adv.

Household
HintsRubber Crib Sheet
Protects Mattress

Most mothers include in the inette a couple of good quality crib sheets of durable rubber to put on the baby's bassinette or bed. Every mother wants her baby to be sweet, clean and appealing at all times, and there is no way to do this if the bedding is not always fresh and dry. A hickory crib sheet will make this possible as well as saving a great deal of superfluous washing of sheets and blankets.

At least two crib sheets are necessary, one to put on the bed and another to be washed, dried and aired and then put in the baby's dresser ready for use. Hickory crib sheets are of good quality coated rubber, yet not

so heavy as to be cumbersome and hot to the little body. They are acid and moisture proof, which assures long wear. And because a mother wants daintiness wherever her baby is concerned, even in the most prosaic details, these crib sheets come with pretty little colored ruffled edges. They may also be had plain in white or flesh.

To wash, use lukewarm water and pure soap flakes. Do not ring, but squeeze out the water lightly and dry by rubbing with a clean cloth and then sprinkling with talcum. Be sure the sheet is absolutely dry before putting it on the baby's bed, but do not put it over the radiator to dry.

Among Us Women
By Mrs. Ruth Stone
WEAR DRESS SHIELDS
FOR HEALTH, SAFETY

Personal daintiness is absolutely essential to perfect grooming and social success. The American girl and woman undoubtedly offend less frequently in this respect than do those of any other country, due to our standard of living and general education in matters of personal hygiene. Nevertheless, every woman recognizes that it is only by faithful, unending diligence that she can keep herself the name of daintiness at all times. Deodorants will help, but these must be used with discretion, as to check perspiration too completely is to imperil the health or at least to increase the flow in another part of the body where it may be just as objectionable and as ruinous to clothing. The safest way is to equip each frock with hickory dress shields especially suited to its style and occasion. This avoids all possibility of the repulsive under-arm stain, and yet does not interfere with nature's plan for eliminating poisons and waste matter from the system.

Old-time shields were bulky and unattractive in appearance. Today's shields meet the popular demand for beauty as well as for comfort and convenience. There are styles for sports

attire, service weights for the larger woman, dainty wisps of silk and featherweight rubber for the afternoon frock and almost invisible slips of crescent moons for wearing with evening dresses. And, of course, this being a color age, hickory shields can be had in a large range of shades as well as of shapes, weights and materials.

A good shield responds to good care from its wearer. Wash your shields frequently in lukewarm water and soap flakes, squeeze out the water—don't wring, and don't put them on a hot radiator nor iron them. Be careful in sewing or pinning them in not to penetrate the thin rubber interlining. A little care will keep your shields always sweet and fresh and lengthen their life, at the same time enabling them to do their work of protecting your clothes from the perils of perspiration.

After A Long, Strenuous
Day Try An "Emergency"
Cleansing

APPLY make-up only to a scrupulously clean skin. This will prevent your pores becoming clogged, and will help you to keep your skin fine textured. But if you are in town all day shopping or working, and then have an engagement for dinner, you probably will say to yourself, "That cleansing rule is all very well sometimes. Yet what can I do when I haven't the time or opportunity to give my skin a thorough cleansing?"

Occasionally it is impossible to cleanse your face thoroughly, and you must be content with the next best thing—an "emergency cleansing." In the morning carry with you a small bottle of skin freshener, and a few pads of cotton. Carefully wrap cleansing tissues around the bottle to keep it from breaking.

For your emergency cleansing, saturate a small piece of cotton with skin freshener and whisk it up over your neck and face. This will remove the dust and excess oil that have collected during the day, and will leave your face feeling cool and refreshed. Then smooth a little dry or cream rouge on your cheeks, and apply a bit of lipstick to your lips. And last, lightly dust your neck and face with powder, but do not rub it in. Rubbing only makes face

powder cake, and gives your skin that not-quite-clean appearance we all want to avoid.

Too much trouble? Of course not, for I believe even a plain woman who always looks immaculate makes a better impression than one who is beautiful, but untidy. There is a pleasant element of surprise about someone who preserves an air of freshness and perfection after a long, tiring day that would leave most women wilted-looking.

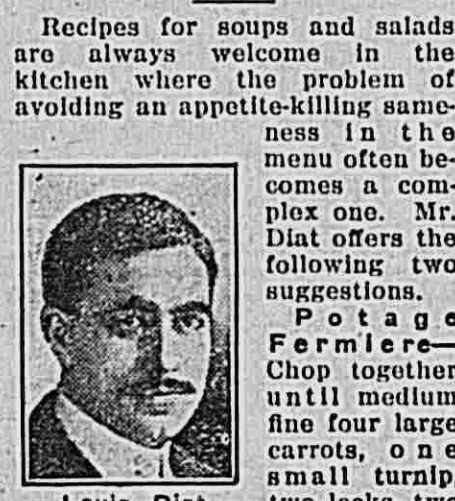

Of course this "emergency cleansing" never should take the place of your daily basic cleansing. Your face and neck should be thoroughly cleansed at least once daily in this way. Beginning at the base of your neck, spread a generous coating of cleansing cream over every portion of your neck and face with your cushioned finger tips.

Let the cream remain on your skin for a minute or two, and then again working up from the base of your neck, wipe away the cream with soft, absorbent cleansing tissues. Never use towels to remove cream, for even the finest towel is not as soft as cleansing tissues, and the week's laundry problem certainly is no small item if towels are used in place of cleansing tissues.

After wiping away the cleansing cream, saturate pads of cotton with skin freshener, and wipe those damp pads up over your face and neck to remove every remaining trace of cream. This will leave your skin really clean.

Favorite Recipes
of a Famous Chef

as Told to Anne Baker
By LOUIS DIAT, Chef,
The Ritz Carlton, New York

Louis Diat

Recipes for soups and salads are always welcome in the kitchen where the problem of avoiding an appetite-killing sameness in the menu often becomes a complex one. Mr. Diat offers the following two suggestions.

Potage Fermiere—Chop together until medium fine four large carrots, one small turnip, two leeks, two onions and a small quarter of a medium sized cabbage. Brown all of these in three tablespoons of butter. Add three cups of white consommé, i.e., stock made from chicken or veal, and three cups of water in which white or lima beans have been cooked. Add pepper and one or two teaspoons of salt. Bring to a boil and cook slowly for at least one hour. The pot should be uncovered for at least the first half of the cooking. Just before serving add one-fourth cup of thin cream, one level teaspoon of sugar, and one-half cup of cooked white lima beans.

Marion Salad—For this select a very firm, crisp, good-sized head of lettuce. Level the stem so that it will stand level on the plate. Cut off a one-inch slice from the top. With a pair of kitchen shears cut out the inner leaves, leaving four or five layers. Wash in cold water. Turn upside down on a cloth to drain. Prepare small balls out of one-quarter pound of cream cheese and place in a mound in the lettuce shell. Pour Bar-le-Duc jam around the cheese balls. Sprinkle with from one to two tablespoons of sugar. Bathe some of the lettuce leaves which have been cut out in French dressing and pile lightly around the filled shell.

SALEM WOMAN IS
93 YEARS OLD

Mrs. Lucia Stocker Born
May 16, 1837; Friends
Celebrate

Mr. and Mrs. Roger Huntton entertained at a dinner party Sunday in honor of the birthdays of Mrs. Lucia Stocker and Mrs. Lucia Orvis. The other guests were Mr. and Mrs. G. Minnis of Kenosha, Mr. and Mrs. Lee Minnis and daughter of Waukegan, Mrs. Lella Runkle, Mrs. Anna Minnis, Enola, Lucia, Vesta and Jean Minnis of Burlington, Mr. and Mrs. Frank Dixon and Miss Ada Button, Mr. and Mrs. Thomas Darkins of Chicago. Mrs. Lucia Stocker will be 93 years old May 16. She received many beautiful flowers.

Salem Center P. T. A. presents a home talent play, "Yummy Yenson's Yob", at the opera house Thursday evening, May 15.

Mr. and Mrs. Arthur Hackbarth announce the birth of a baby boy born May 9th.

Mr. and Mrs. Ted Foreman moved to Kenosha Sunday to make their home. Winnie Mae Manning, daughter of Mr. and Mrs. Elwin Manning, fell on a pair of shears, cutting her leg badly, Thursday evening. Dr. Fletcher dressed the wound.

Misses Josie and Jennie Loescher and Misses Ada Huntton and Lucia Orvis drove to Burlington Saturday evening.

The Friscillas met with Mrs. Herman Schonscheck Thursday afternoon.

Mr. and Mrs. Byron Foreman were called to Viola, Wis., Monday by the death of the former's brother, who was killed in an auto accident. They returned Thursday evening.

Mr. and Mrs. John Evans entertained Mr. and Mrs. Webster, Mae Webster and friend of Chicago Sunday.

Mr. and Mrs. Orson Boughton of Delavan, Wis., called on Mr. and Mrs. John Evans Sunday.

Mr. and Mrs. Arthur Manning and son, Andrew, and Mrs. Susan Manning, Kenosha, visited Mr. and Mrs. Edwin Manning Sunday afternoon.

Mrs. Lucia Orvis, Waukegan, spent Saturday night with Jennie and

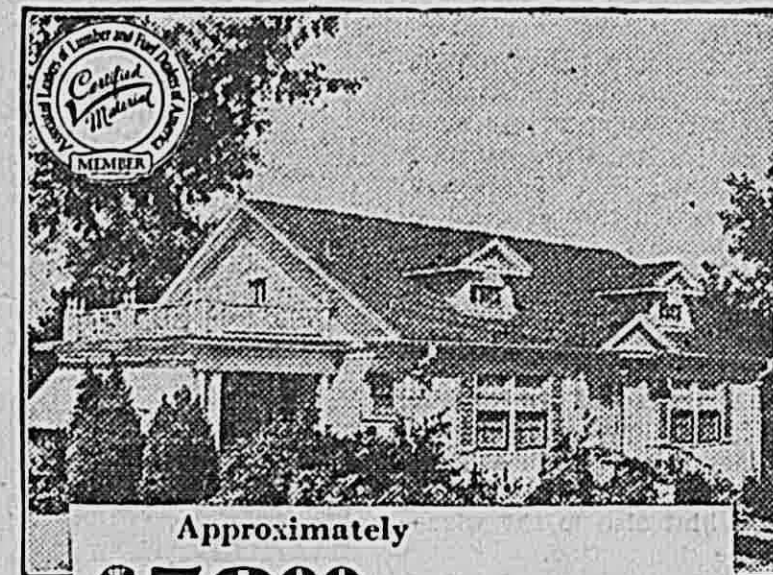

Josie Loescher.

Mr. and Mrs. Ray Frost and children of Rochester spent Sunday with Mr. and Mrs. Spencer Cull.

Will Cull and Arthur Bushing drove to Oakland, Nebraska, reaching there Wednesday evening to visit Mr. and Mrs. Lincoln Cull.

Mr. and Mrs. Lancelot Butten visited their mother, Mrs. E. Butten, Saturday and Sunday.

A crew of men from Kenosha moved the Barns' house on the corner of Main street owned by E. H. Hartnell onto a lot on the north side of Hooker lake Wednesday. This house is one of the old landmarks having been built about 1877. It was removed to make room for an up-to-date filling station, which will be owned by E. H. Hartnell; work on which will start immediately.

MRS. SINE LAURSEN HONORED BY LADIES' AUXILIARY

The meeting of the Auxiliary Friday, May 9th, was given over to a farewell party in honor of Mrs. Sine Laursen, who leaves soon for a visit of several months to Denmark, her former home.

After the routine of business had been passed, the members spent some time in singing of old songs, in which "Auld Lang Syne" set the theme. Refreshments were served by Mrs. S. M. Wallace, Mrs. Geo. Jensen, Mrs. Clarence Shultis, and Mrs. Geo. Garland.

An unique feature of the refreshment period, and one that added much to the merriment of the meeting, was that the members sat in a circle and asked Mrs. Laursen to bring them this and that of a ridiculous nature, when she returns this fall. Each lady vied with the other in making her request as impossible and improbable as her imagination could suggest.

During the course of the evening Mrs. Laursen was presented with a box of stationery, which in addition to its message of respect to the donee, was a hint also to the wise—that she write them often.

Mrs. Laursen will sail on the S. S. Hellig Olaf May 17th, from New York.

The next meeting of the Auxiliary will be held on Friday, May 23, at which time the guests of honor will be Mrs. Brown, of Lake Forest, and Mrs. Tibbals, of Waukegan, both of whom are quite active in Auxiliary work.

Mr. and Mrs. Ben Peterson and two friends of Rockford, and Mr. and Mrs. Lyle Smith and daughter called on Mrs. Sarah Faulkner Sunday.

Mr. and Mrs. Ira M. Simons returned Monday evening from having spent a week visiting two of the latter's brothers, Roger and James Moran, and their families, at Marengo, Iowa.

Billiken Arch Shoes for men. Chase Webb.

Sam Tarbell was a dinner guest of Mr. and Mrs. F. H. Kraft Sunday.

Mr. and Mrs. Sam Sorenson spent Monday in Chicago on business.

Mr. and Mrs. Bernard Rosing, Chicago, visited the former's brother, William Rosing, and family Sunday afternoon. Mr. and Mrs. Emil Arndt, Chicago, the latter a sister of William Rosing, were also Sunday afternoon callers.

Webb's Special Coffee, 45c per lb. Chase Webb.

Harold Rudolph. Channel lake, begun work Monday as a driver for the Antioch Cleaners and Tailors.

C. N. Ackerman and R. C. Abt returned Sunday from having spent ten days at the Mayo clinic in Rochester, Minn. Both have been patients there in the past and the recent visit was for the purpose of a check-up on their health. They report that the storm of May 1st did a big lot of damage to farm homes between LaCrosse and Baraboo, Minn.

Mr. and Mrs. Otto S. Klass and children are planning a visit to Milwaukee Sunday, where they will be the guests of Mr. Klass' uncle, Sam Glass and family.

The Antioch Firemen will hold a barn dance on the Eldora Horton farm located east of Antioch, on Saturday evening, May 17. Music will be furnished by Postoffice Boys of Kenosha. Tickets \$1.00 per couple.

Mrs. Frank Dunn and daughter, Miss Margaret Dunn, were guests of Mr. and Mrs. Sam Killigrew in Chicago Monday and Tuesday.

Herman A. Radtke, C. W. Martin, Mr. Tidmarsh, Mrs. Maud Sabin, Mrs. James Stearns, Mrs. George Kuhaupt, Mrs. Clara Willett and son were Chicago visitors Monday.

Mr. and Mrs. T. G. Rhoades, Sr., of Chicago spent the week-end here with Mr. and Mrs. T. G. Rhoades, Jr.

Mr. and Mrs. Chase Webb and Mr. and Mrs. James Stearns motored to Wonder Lake Sunday afternoon. This artificial lake, opened to the public just a few days ago, is said to be the second largest lake in the state. It was formed by the damming of Nippersink creek near Ringwood.

Mrs. Chet Waldo of the Antlers Hotel returned Wednesday from a visit of several days in Madison, Wis.

Charles Twaddle, Burlington, Wis., who is well known here as a representative of the Swift Packing company, umpired a ball game at Burlington Sunday that came near having disastrous consequences for him. One of the Burlington players became enraged at a ball-and-strikes decision and hurled his bat at him. Mr. Twaddle was not struck, but the bat stirred considerable air as it brushed past his head. And to show that he kept his head, Mr. Twaddle didn't even order the player out of the game.

Garden seeds of all varieties. Chase Webb.

Mrs. Earl Horton was called to Rice Lake, Wis., Monday morning by the serious illness of her daughter, who is confined to the hospital.

For Pajama Devotees

Plaid pongee offers the pajama devotees something new. This model wears a robe of lavender, lemon and green plaid pongee over pajamas of the same material in natural shadings.

CHRISTIAN SCIENCE CHURCHES

"Adam and Fallen Man" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, May 11.

The Golden Text was, "All scripture is given by inspiration of God, and is profitable for doctrine, for reproof, for correction, for instruction in righteousness: that the man of God may be perfect, thoroughly furnished unto all good works" (II Timothy 3:16, 17).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "For as in Adam all die, even so in Christ shall all be made alive" (I Cor. 15:22).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Whatever indicates the fall of man or the opposite of God or God's absence, is the Adam-dream, which is neither Mind nor man, for it is not begotten of the Father" (p. 282).

meet at 5:00 o'clock. Epworth League at 5:30. Evening worship at which time we are to have the boys of Antioch as our guests. Sunday, May 18, is recognized as Boys' Sunday throughout Chicago and vicinity. Various of our boys will be on the program at our evening service. Every boy in Antioch is invited and especially urged to be present at this service.

53 MILITARY TRAINING CAMPS TO HAVE 37,500 ENROLLED THIS SUMMER

Fort Sheridan Camp Open July 31 to Aug. 29; Hoover Endorses

Major General Frank Parker, Commanding the Sixth Corps Area at Chicago, announced that applications had been received totaling ninety-seven percent of the National quota of 37,500 young men to be trained in the 53 Citizens' Military Training Camps throughout the country this summer.

Many of the states where the camps open early have exceeded their quotas. One section of the South reports an enrollment of one hundred and seventy percent of the number authorized.

General Parker further stated that Camp McCoy, near Sparta, Wisconsin, where Field Artillery candidates are trained, and Fort Brady, Michigan, near the Soo Locks on the Canadian border, where Basics and Infantry are trained, have already enrolled their quotas. A few additional young men may be accepted for these two camps.

Ft. Sheridan 1700 Capacity

The camp at Fort Sheridan, Ill., with 1700 Basics and Infantry and 300 Cavalry students to enroll, Jefferson Barracks, Mo., 1600, Camp Custer, Michigan, 600, and Fort Snelling, Minn., 500, Basic and students have all received large enrollments to date. The Sixth Corps Area, including the states of Illinois, Michigan and Wisconsin, has enrolled sixty-seven percent of its quota to be trained.

A feature in each camp this summer will be a Band of between 50 and 60 pieces, composed of CMTC students. They will receive instruction in military discipline and drill, citizenship, musical duties and target practice, and will compete and engage in all athletic activities. The following High School Bands have been selected for enrollment at the different camps:

Lake County Boys Honored

Honorable mention is made of the following named boys from Lake county, Illinois, who attended the

1929 CMT Camp at Fort Sheridan, Illinois:

Charles B. Hazelrigg, Fort Sheridan, Ill. Awarded CMTC Association Medal for being Best Basic Student in Company "D".

Marlin Buzzard, 1503 Laurel ave., Waukegan, Ill. Awarded Bronze Medal for being third in Camp Open Swimming Meet. (100-yard back stroke).

The following is a list of the CMTC Committeemen serving in Lake county:

Chairman—Dr. J. C. Kyndberg, Waukegan National Bank building, Waukegan, Ill.

Committee Is Named

Committeemen: Capt. Francis T. Rollins, Med-Res. Fox Lake Ill. Maj. Adam R. Wachs, 159th Cav. Lake Bluff, Ill. 2d Lt. M. R. Rasmussen, Inf-Res. 370 E. Illinois road Lake Forest. Capt. F. H. Martin, Med-Res. 122 E Church street, Libertyville, Ill. Jos. L. Przyborski, Postmaster, North Chicago, Ill. Mrs. E. C. Burgess, 119 Woodland ave., Lake Bluff, Ill. Mrs. Jos. F. Leaming, 1540 Dean ave., Highland Park, Ill. Capt. W. F. Magill, Jr., Inf-Dol., Waukegan Township High school Waukegan, Ill. Mrs. Edwin Price P. O. Box 392, Lake Bluff, Ill. Mrs. C. D. Shipley, 412 Douglas avenue, Waukegan, Ill. Mrs. Raymond W. Stevens "The Meadows", Highland Park, Ill.

The dates for the camp at Ft. Sheridan are July 31 to August 29.

Hoover Gives Endorsement

The following letter has just come to the National Headquarters of the Military Training Camps Association at 6 North Michigan avenue, Chicago:

Washington
April 19, 1930

Mr. George F. James,
National Executive Secretary,
Military Training Camps Assn.,
6 North Michigan Avenue,
Chicago, Ill.

My dear Mr. James:
The Citizens' Military Training Camps have fulfilled through ten years the purpose for which they were established. They have proved themselves an important means toward physical and moral health in the individual and civic welfare in the Nation. The willingness of young men to devote a month to this training program for better citizenship is proof of good-will in the generation on which will presently devolve the maintenance of our social and political institutions.

I commend the Citizens' Camps to all fathers and mothers and to young men of suitable age in the hope and belief that the camps will show them-

selves as useful in the future as they have been in the past.

Sincerely yours,
HERBERT HOOVER.

CENTRAL STATES CHAMPION TO BATTLE IN PALACE WINDUP

Joe Espinosa and N. Scalba
Are Featured in Friday's
Fight Card

For real class in the boxing art, the card offered at the Antioch Palace tomorrow night by Promoter Dick Macek will be one of the most outstanding boxing entertainments ever held in Lake county amateur circles. Champions and near champions will toss leather at each other in eight bouts and every one promises to be a fight worth seeing.

Champions on Card

In the windup, Joe Espinosa, central states champion and winner in the Tribune golden glove tournament, will meet N. Scalba, a tough 114 pound scrapper from South Chicago, and in the semi-windup Syd Kaplan, also a golden glove winner and inter-city champ, will trade punches with George Goodman of Belle Plaine.

Tony Muscarillo, Belle Plaine, will return to the Palace ring tomorrow night to meet Ernie Vermilyer, 118 pound glove tosser from Geneva, Ill., in one of the prelims. Other preliminaries will include Geo. Korody vs. John Lunetto; John Taylor vs. Adam Corso; Howard Craft vs. Buddy Moore; Jim Fay vs. Jack Depine, and Joe Carmick vs. John Connelly.

Fast Bouts Last Friday

A great crowd of fans saw Johnny Balma, golden gloves champion, batter Jimmy Fay to defeat in three rounds in the Palace ring last Friday night. Balma showed Jimmy too many gloves and the McHenry boy lost the decision.

John Connelly of Chicago won a tough four-round decision over Geo. Schosbee, but the decision was unpopular.

Johnny Hughes had Joe Sprafka practically "out on his feet" after three hard rounds, the going saving the referee the trouble of having to make a count. Ray Davis defeated Jimmy Pearson in three rounds. Geo. Emery was awarded the verdict over Ted Joyce after four furious rounds of real fighting. George Goodman of Chicago beat Nick Mullino in three rounds. Robin Shrosbee won from Jack Lazar in four rounds. Mickey Whiting was given the decision over L. Cohen after four rounds of fighting in the first preliminary.

LAKE COUNTY Farm Bureau NEWS NOTES

Four-H Club Enrollment

Four-H club enrollment in Lake county is the largest in history. A check up made recently by Farm Adviser Gikerson, Albert Herman, Assistant Four-H club leader, and Mrs. H. C. Gikerson, Girls' Four-H club leader, showed that 275 girls had enrolled in 23 clubs for Four-H Sewing club work and 260 boys and girls had enrolled in the several projects open to the boys.

The boys have dairy calves, pigs, sheep, corn and garden projects. Sixteen adult leaders are assisting with this work under the assistant leadership of C. L. Kuttel of Antioch, S. H. Dorsey of Lake Zurich and Frank Glinrich of Gurnee. Besides these three communities there are Wauconda, Grayslake, Ivanhoe, Mundelein and Diamond Lake, Wright school, Rosecrans and Russell, which have boys Four-H club work.

Install New Plant

The Lake County Farm Supply company has installed a second bulk plant at Lake Zurich and will start hauling gasoline, kerosene, lubricating oils and greases from it the first part of next week.

The equipment, consisting of two nineteen thousand gallon tanks, pump house and oil warehouse, was installed by the Butler Manufacturing company of Minneapolis, Minn. A feed and seed warehouse will be erected in the near future.

Fred L. Thies of Lake Zurich, a well known and highly respected in his community, will be the warehouse man under the supervision of R. L. Murrie, manager of both plants.

This plant will supply southern Lake county and northern Cook county. Two trucks have been hauling petroleum products to Cook county for several weeks and a third truck will start Thursday of this week.

Sumner Bauer of Grayslake has been hired as warehouse man at the Grayslake plant.

The volume of business is increasing very rapidly for this new company. In the first seven months of its operation the Lake County Farm Supply company, a subsidiary organization of the Lake County Farm Bureau, handled 112 cars of products for the farmers of Lake county. This would have made a train load of about a mile in length. The wonderful service which this new company is rendering to the farmers is increasing the Farm Bureau membership to a very marked degree.

HELPING YOUNG FOLK TO BECOME BANKERS

Through the American Institute of Banking, which is the American Bankers Association's educational section, the banking profession is educating 35,000 bank men and women in the technical and scientific departments of their work. These students are enabled by this institute, which is entirely non-commercial in its operations, to obtain a grasp of the finer points of banking without interrupting their employment or interfering with their earnings, in their bank jobs.

The courses given, including banking economics and law and bank administration in all the departments have been worked out under the direction of senior college educators and the lectures are always given by practical men, such as lawyers in the legal courses, experts in banking operations and college professors in the economics courses. There are chapters with meeting rooms in over 200 cities and also a number of smaller study groups are fostered with correspondence aid.

It has been said that the A. I. B., as it is familiarly known throughout the banking field, is the greatest adult educational organization in the world and is supplying the banking business with the largest supply of trained workers each year that any comparable line of business is receiving. The organization holds an annual convention attended by hundreds of young bank workers as well as senior bank officers actively interested in furthering the institute's educational work, at which numerous technical subjects of practical banking application are presented and discussed. This year's convention will be held at Denver, Colorado, June 16 to 20.

BANKERS REPORT DROP IN SAVINGS

Lure of Stock Market Partly to
Blame, but Slackened Speculation
Expected to Bring Return
to Thrift.

The first recession in the nation's savings account in banks in the twenty years during which records in this field have been kept by the American Bankers Association was disclosed for last year in the recent annual compilation prepared by its Savings Bank Division. The shrinkage amounted to over \$195,000,000, on the basis of figures for the year ending June 29, 1929, whereas a year earlier the reported increase was over \$2,300,000,000, the largest ever recorded. The number of savings depositors also decreased during the year covered by more than 500,000 accounts. The lure of the stock market and affiliated activities are cited as part of the explanation for these changes.

The association's statement says that savings deposits in banks and trust companies of continental United States on June 29, 1929, stood at \$28,217,656,000. The recession in savings, it declares, indicates a fundamental change in the savings situation, irrespective of whether it is temporary or not.

How Savings Used to Grow

"In 1926 savings deposits increased \$1,562,000,000, in 1927 almost \$1,400,000,000 and in 1928 over \$2,300,000,000," it says. "It appears now that some influences in one year have taken the gain that might reasonably have been expected in savings deposits for 1929 and lowered them from the high mark of the preceding year. This recession is not one coming as a result of drought, famine, unemployment or conditions outside of the United States.

"A year ago it was stated: 'The year closing June 30, 1928, registered the largest gain in savings deposits in banks and trust companies of continental United States ever recorded in the history of this country.' What a difference one year makes! From a gain of more than 2 1/2 billions of dollars in savings deposits to a loss of almost 200 millions!

"The loss in savings deposits is reflected also in the loss of savings depositors. The year 1929 showed a total of 52,664,127 depositors, against 53,183,348 for 1928, a loss of 524,221.

"Industrial production was much higher last year than the preceding year. Factory payrolls were considerably greater. In production, employment and trade, advances were made over the preceding year. In the farm areas the improvement noted for 1928 did not recede in 1929 and the livestock industry in all its branches was prosperous.

The Causes of the Drop
"The causes of the recession are possibly multiple. There is scarcely any reason to doubt that one of the important factors draining away savings and decreasing depositors has been the lure of profits to be made in stocks. For a number of years the people have been regaled with stories of profits made in stocks in all types of companies. During the last few years there has been a specious philosophy preached that panics such as formerly occurred were no longer possible.

"If it was the lure of profits in stocks which caused the recession in savings, then a factor in future savings will be the success attendant upon this venture of savings depositors in stocks. If the experiment did not prove generally successful, then another year will doubtless witness an increase in savings deposits as well as in savings depositors."

ANTIOCH DROPS FIRST INTER-COUNTY LEAGUE GAME TO WILMOT

Wilmot Sluggers Look Like
"Murderer's Row" in
Opening Contest

The slugging Wilmot Pirates pounded out a lopsided victory over Antioch in the opening game of the Inter-County league here last Sunday afternoon. In an effort to stop the onslaughts of the Pirate clubs, Manager Joe Miller sent three pitchers to the mound, but they all looked alike to the Pirates who seemed to hit at will.

The fighting Pirates gleaned a dozen safe swats off the offerings of Miller, Garrison, and Jangsten. Four of the wallopers were doubles, and one by Sullivan was of the three-ply variety.

Pilot Rolla Hegeman pinned his faith to Pitcher Frank who went the entire route for the Pirates, allowing nine scattered hits, whiffing ten Antioch batters and issuing no passes. Leading hitter for Antioch were Nixon and Klaus.

Box Score	R	H	E
Wilmot	2	2	0
McDougall, cf	1	0	0
E. Frank, p	1	0	0
Colosky, rf	1	2	0
Sullivan, 1b	1	2	0
H. Frank, 3b	0	1	0
Lieske, ss	0	2	1
Schnurr, 2b	1	0	0
Ehlert, lf	1	0	0
Flala, c	2	3	0
	9	12	1

Antioch	R	H	E
Lasco, cf	2	1	0
Nixon, ..	1	3	1
Mastne, 1b	0	1	1
Jackson, 3b	0	0	0
Klaus, rf	0	2	0
Zarnstorff, lf	0	0	0
Simpson, c	0	1	0
Smith, s	0	1	0
R. Miller, p	0	0	0
Garrison, p	0	0	0
Jangsten, p	0	0	0
J. Miller, p	0	0	0
	3	9	2

Jangsten batted for Garrison.
J. Miller batted for Smith.
Running score:
Wilmot—0 0 0 1 2 1 0 2 3
Antioch—0 0 0 0 0 1 0 2

Summary:
Two base hits, Klaus, Klaus.
Three base hits, Sullivan.
Struck out, Frank, 10; Miller, 7.
Garrison, 1.
Passes, Miller, 6; Jangsten, 3.
Hits, off Miller, 11 in 7 innings; off Jangsten 1 in 1 inning pitched.
Hit by ball, Jackson, by Frank.
Sacrifice hits, E. Frank.

Somers Beats Silver Lake
While the Pirates were running wild over Antioch Sunday afternoon, the fast Somers team of Kenosha nosed out Silver Lake, 9 to 8, in 11 innings at the Kenosha field.

THE ART OF EATING

By THOMAS ARKLE CLARK
Dean of Men, University of
Illinois.

If I had my way I should eliminate eating entirely. It seems to me a pure waste of time to spend a half hour or more filling oneself with food, only to repeat the process twice again before the day is ended. Not that I do not enjoy eating; quite the contrary, but there are so many other things I should better enjoy if it were merely a matter of choice with me.

Perhaps before long some ingenious chemist will devise a serum or a capsule small enough to carry in the vest pocket to give one the necessary concentrated nourishment, and all we shall need to do is to swallow one of these and be fixed for the day.

But as things are now, eating is, of course, a necessary evil. We must eat in order to live and to be able to do the other things we enjoy doing, so that we might as well make the best of it. The thing that has always surprised me is the fact that eating as often and as regularly as we do, and over so long a period, we have not developed any more skill and finesse than we have done. When an intelligent person practices any process three times a day—not to speak of the extra meals thrown in between—over a period of fifteen or forty or a hundred years or so, one might reasonably expect that the thing would be done with some nicety and artistic finish. Considering the practice

for first place honors in the southern section of the Inter-County league, but one or the other will drop to second place next Sunday for the leaders are to play at Wilmot, while Antioch will cross bats with Silver Lake on the latter's field.

Printing

Is But a Small Part
of the Cost

IN getting out a circular, circular letter or other piece of printed matter. The paper, the addressing, the mailing easily total more than the printing. Yet, in a large measure, the results depend upon the printing.

Let us show you some samples to illustrate our statement

we have had, most of us eat pretty crudely; we have not gotten far removed from the animals which eat merely to satisfy hunger.

There should be an enjoyment in eating, a refinement, a show of good taste, a deliberation and a poise that suggests something higher than the mere desire to glove in enough calories to keep the machinery of the body going for six hours or so.

Gray is an example of what I mean. Eating at the table seems more an incidental matter with him than a business. He approaches a meal slowly; he handles the cutlery quietly and with a skill that shows an acquaintance with the mechanism of eating. He is never in a hurry, never engrossed with his food. He seems more interested in the people about him and in giving them a good time than in the satisfying of a physical appetite. It is a real delight to watch him, for there is nothing gross, nothing vulgar, nothing hurried or bungled about his eating.

Harris is a man of prominence and importance in the community in which he lives. There is no certainty as to what will happen when he feeds himself, either to his clothing or to the table linen. He sprawls when he sits down to eat. He goes at it as if he were shoveling coal or pitching hay, and that he had little time to accomplish a most important job. He handles his tools crudely and all through a meal he gives the impression of being a gormand and a boor. He knows nothing of the art of eating.

SCHOOL ACTIVITIES TO THE FRONT AT WILMOT THIS WEEK

Mother's Day Causes Re- turn of Many Former Residents

Eighty couples attended the annual Junior Prom held at the Wilmot gym Friday evening. Music was furnished by Bud Straight's Harmony Kings of Burlington. The grand march at 9:30 was led by the Junior and Senior class presidents, and their partners, Wm. Bernhoft and Evelyn Meyers and Adolph Flegel and Mariel Dean.

Elaborate decorations gave a very beautiful setting for the affair. The gym had been transformed into an old-fashioned garden with the entrance of fir trees through which a white stone path led to the picket fence gate opening into the hall proper. A high trellis of white surrounded the walls and it was backed with various colored hollyhocks. A basket-ful served for the serving of punch and girls in old-fashioned dresses were the waitresses. The stage was set off by a picket fence and the sky was in blue and orchid crepe paper.

Reserved seats for the senior class play, "Fixing It For Father" were on public sale at the high school, Monday, May 12. The cast is working hard to furnish an entertaining evening for all those who attend. An account of the cast and a synopsis of the play will appear later.

The school year is rapidly drawing to a close. The following dates should be borne in mind. Class play, Friday, May 23; Alumni banquet, June 7; Class day, Tuesday, June 10; Commencement, Tuesday, June 12.

The Blue Ribbon 4-H club is beginning work on a one act play which will be entered in the County 4-H contest to be held May 28. The play is unique in that it is written by Mary Scholds, one of the members of the club. The winner of this contest will represent the Kenosha County 4-H clubs in the State contest at Madison during club week, June 18th to the 25th. Many of our club members are planning on spending that week in Madison.

Members of the faculty for 1930-31 have been announced. M. M. Schnurr who has so very successfully filled the principalship the past year has been retained and will again be in charge of the Vocational Agricultural department. Ruth Thomas of the English and Latin department and Wm. Lieske who teaches Science and Mathematics have both been re-engaged. They have both creditable records in their respective classes.

It is with regret the board announces the resignations of Miss Thiesson and Mr. A. Kramer. Alice Kuenzli, of Waukesha, a graduate of Carroll college will succeed Miss Thiesson and teach Social Science and have charge of the Library.

Mildred Berger of Genoa City, a graduate of Whitewater Normal with four years of teaching experience at Manawa, is to succeed Mr. Kraemer in the Commercial department.

In the grades Miss R. Bice has been retained as principal and Miss Olive Hope in the primary department. Both have been eminently successful and have each taught several years in this school.

Mrs. Sam Thompson expects to leave on May 25th for a visit of two months at Savannah, Ill., and Troy Mills and Walker, Iowa.

Mr. and Mrs. E. Boulden and daughter, Lorraine, Mrs. S. Christensen and Mr. and Mrs. Walter Daly of Edison Park, Mr. and Mrs. O. Mathews of Antioch and Mrs. Fred Boulden and son, Harold, of Burlington, spent

Sunday with Mrs. Hannah Boulden. Mr. and Mrs. Wm. Harm and family, Mr. and Mrs. F. Elbert and family and Mr. and Mrs. H. Frank were at Waterford Saturday evening to visit with Mr. and Mrs. Henry Harm.

Esther Woodgate, Chicago, was a week-end guest of Lola Harm. Saturday, accompanied by Myrtle Davis, they motored to Kenosha and Berneice Harm returned home with them for over Sunday.

Mr. and Mrs. Clarence Holtdorf, Milwaukee, Mr. and Mrs. Harry Holtdorf and family, Bristol, Mrs. Josephine Hartman, Salem, and Grandma Knis spent Sunday with Mr. and Mrs. August Holtdorf.

Mr. and Mrs. Dwain Dowell and daughter were out from Chicago over the week-end with Mr. and Mrs. Geo. Dowell.

Miss Carrie Lampe of Kenosha spent the first of last week with the Tom Moran family.

Frank Mattern was out from Kenosha over Sunday with his mother, Mrs. Fred Mattern.

Mr. and Mrs. Fred Frank and daughter, Betty Jean, from Northbrook spent Sunday with Mr. and Mrs. John Frank.

Miss Olive Hope and the pupils in the Primary grade observed Arbor-Bird day Friday, May 9th, by cleaning the lawn, had class work on bird study, and made Mother's day cards. In the afternoon Miss Hope took her pupils to the Fox park for lunch. The children identified more than fifty forms of animal and plant life, land and water forms. After listening to several nature stories the children completed the day by playing games.

Mr. and Mrs. Henry Simes and children of Hebron, Mr. and Mrs. Earle Thomas of Greenwood, Mr. and Mrs. Austen Stoxen and family of Liberty Corners, Mr. and Mrs. Ray Stoxen and children, Wilmot, Mr. and Mrs. A. L. Weaver and family from Sharon and Mr. and Mrs. Ted Stoxen of Bas-setts were home for Mother's day with Mrs. A. C. Stoxen.

Gertrude Gauger was home from Powers Lake for the day, Sunday.

Mrs. H. Brinkman returned Sunday after spending a week with Mr. and Mrs. Austen Stoxen at Liberty Corners.

Mrs. August Holtdorf has been ill and under the care of Dr. Bennett of Burlington.

Sunday guests of Mr. and Mrs. Elmer Vincent were Mr. and Mrs. Bernhard, Marion McCormick, and Mr. Whalke from Milwaukee; Mr. Rien, Mr. and Mrs. Art Rien and sons and the Misses Emma and Minnie Wald from Burlington.

Dolores Brownell, Mrs. A. Meyers and the Messrs. Timme and Muenzner from Milwaukee were guests Sunday of Mr. and Mrs. Geo. Faulkner.

Mrs. Lynne Sherman was hostess Friday afternoon to the members of the Home Economics club of Randall.

Mr. and Mrs. Ray Bufton and Mr. and Mrs. L. Sherman and children motored to Grayslake Sunday where they met Fred Sherman who was returning home from Los Angeles, California. Mr. Sherman went to California in December.

Mr. and Mrs. P. Meyers and children were up from Waukegan Sunday for the day with Mr. and Mrs. Beck. Saturday the Becks entertained Mr. and Mrs. Harold Reed of Waukegan and Mrs. J. Mus of Chicago.

Mr. and Mrs. John Sutcliffe entertained the following on Saturday and Sunday: Francis Farnum, Garce Sutcliffe, Oak Park; Mrs. C. Draper and sons, Ever Green Park; Mr. and Mrs. T. Bogda, Jr., and family, Edison Park; Louis Kohler and Mr. and Mrs. Bob Olson, Chicago.

JONES-SELBY WEDDING UNITES TWO POPULAR BRISTOL YOUNG PEOPLE

Francis Foulke Preached His First Sermon as Li- censed Exhorter

The home of Mr. and Mrs. Leslie Firchow was the scene of a very pretty wedding Saturday when Miss Florence Marie Selby, a popular young lady of Bristol, became the bride of John James Jones, also of Bristol, son of Richard Jones, with Rev. David Johnson officiating. Mrs. Leslie Firchow played the wedding march, followed by the ceremony at high noon. The bride was attired in a gown of lace over white satin and carried a bouquet of roses and lilies of the valley. She was attended by Mrs. Frederick Brenning, a sister of the bridegroom, who wore a gown of orchid georgette and carried sweet peas and lilies of the valley. Mrs. Herman Pearce, sister of the bride wore green georgette and carried sweet peas and lilies of the valley. Frederick Brenning and Herman Pearce attended the bridegroom. Little Barbara Johnson acted as ring bearer and was frocked in pink crepe de chine. An appropriate vocal solo was sung by Rev. Johnson. A wedding dinner was served to a company of fifteen. Out-of-town guests were Rev. Johnson and family of Footville, and the Herman Pearce family of Lake Geneva. A reception followed, after which the couple left for a trip through the southern states. They will be at their home in Bristol. Francis Foulke, who was recently after May 24th.

granted an exhorter's license to preach by the Official Board of the Bristol M. E. church, delivered his first sermon, Sunday, evening to a good sized audience. He chose his text from James 1:22, "Be ye doers of the word and not hearers only" and proved himself worthy of the profession to which he feels called.

The Bristol Epworth League held election of officers Sunday evening which resulted thus:

President—Alfred Pohlman.
First vice-president—Miss Elsie Thorne.
Second vice-president—Miss Alice Brown.
Third vice-president—Miss Agnes Wienke.
Secretary and treasurer—Miss Eleanor Gibbons.
Stereopticon slides will be shown in the M. E. church Sunday evening, May 18, at 7:30. Topic "Famous songs and their writers."

MOTORING NO LONGER REQUIRES "costumes"

The linen duster, goggles and the motoring veil went out of fashion when people stopped thinking of the automobile as "the horseless carriage." Nowadays, nobody puts on special apparel for a Sunday drive. ♪ And Shell Motor Oil has helped make motoring a matter-of-fact necessity. As the automobile developed, Shell has regularly anticipated lubrication requirements. Always a step ahead, it is ready now for the models which will be announced next year. ♪ That is why owners of all kinds of cars are turning to Shell Motor Oil in ever increasing numbers for the protection they know their engines must have. All the world knows that if the Shell organization cannot make a quality lubricant, no organization can. Have you tried it?

LAKE VILLA TO HAVE SPECIAL ELECTION TO FILL MAYOR VACANCY

Woman's Club Hold Annual Luncheon Tuesday

A special election to elect a village president to fill the vacancy caused by the death of C. B. Dicks, will be held on Tuesday, June 17.

The annual luncheon of the Woman's club was held at the church last Tuesday at 12:30 standard time, and forty-eight members and visitors responded to the invitations. The Royal Neighbors served a delicious three-course luncheon. During the meal, the group sang two familiar hymns, Mrs. Martin presiding at the organ. The Vice-president of Illinois Federation of Women's clubs, Mrs. Walter Seymour of Chicago, was introduced and gave a very interesting talk. Mrs. Gourley of Waukegan, talked on Law Observance and Enforcement, and Mrs. Munch of Lake Bluff gave a few words of greeting. The two companion pictures which the club had purchased for the school through the club committee, Mrs. W. Marks and Mrs. W. Weber, Jr., were on exhibition and presented to the school. The club adjourned to the main part of the church and a musical program followed. Richard Martin of Millburn and John Tallash of Allendale school, gave splendid violin selections, accompanied by Mrs. Martin at the piano. Miss Elise Schlabach also accompanied by Mrs. Martin, sang two selections and the girls of the sixth grade of the school gave a short one act play, "The Domestic", which was well given. The church was very pretty in its decorations of spring flowers, and the table decorations were also in spring color of yellow and orange with spring flowers. This luncheon concluded the work of the club for the current year.

Miss Evelyn Swanson of Waukegan spent Sunday with her parents, Mr. and Mrs. Gus Swanson.

Mr. and Mrs. Clarence Nader and son, who have been living in Kenosha, are at the Frank Nader home for a couple of weeks. They expect to move to Grayslake as soon as their flat is ready. Clarence Nader is driving a large milk truck to the city each day and Grayslake is central for his work.

Misses Florence and Alice Seeger of Gurnee attended church here last Sunday.

Miss Mabel Scott of Elmhurst was a guest of the C. B. Hamlin family Sunday.

Paul Avery, Carl Miller, Ruth Avery, Paul Avery, Jr., and Gordon Hamlin attended the ball game in Chicago Monday.

Mr. and Mrs. Carl Miller entertained relatives from Racine, Wis., Sunday.

Mr. and Mrs. Al Maier entertained guests from the city a few days last week.

Mr. and Mrs. Louis Barnstable spent the past two weeks with Mr. Barnstable's parents here.

The condition of Thomas Peterson, who is very ill at his home here, remains about the same.

The Woman's club board of directors will meet with Mrs. Vergie Nixon at Allendale on Wednesday afternoon, May 21, at 2 p. m.

The music pupils of Miss Erna McLaughlin gave a recital at the school last Friday evening, and the program was exceptionally well rendered. A few of her pupils from Antioch assisted.

The P. R. Avery family has moved to their Cedar Lake home for the summer.

A large tree in the M. Murphy yard was blown down and damaged the electric light line during the storm early last week.

Mrs. Al B. Maier entertained the

For Economical Transportation

This Sturdy Chevrolet Six 1 1/2 Ton Truck \$520

f.o.b. factory, Flint, Mich. Complete with front bumper, full length running boards and rear fenders

No matter what your business may be, bear in mind when you buy a truck that it's wise to choose a Six!

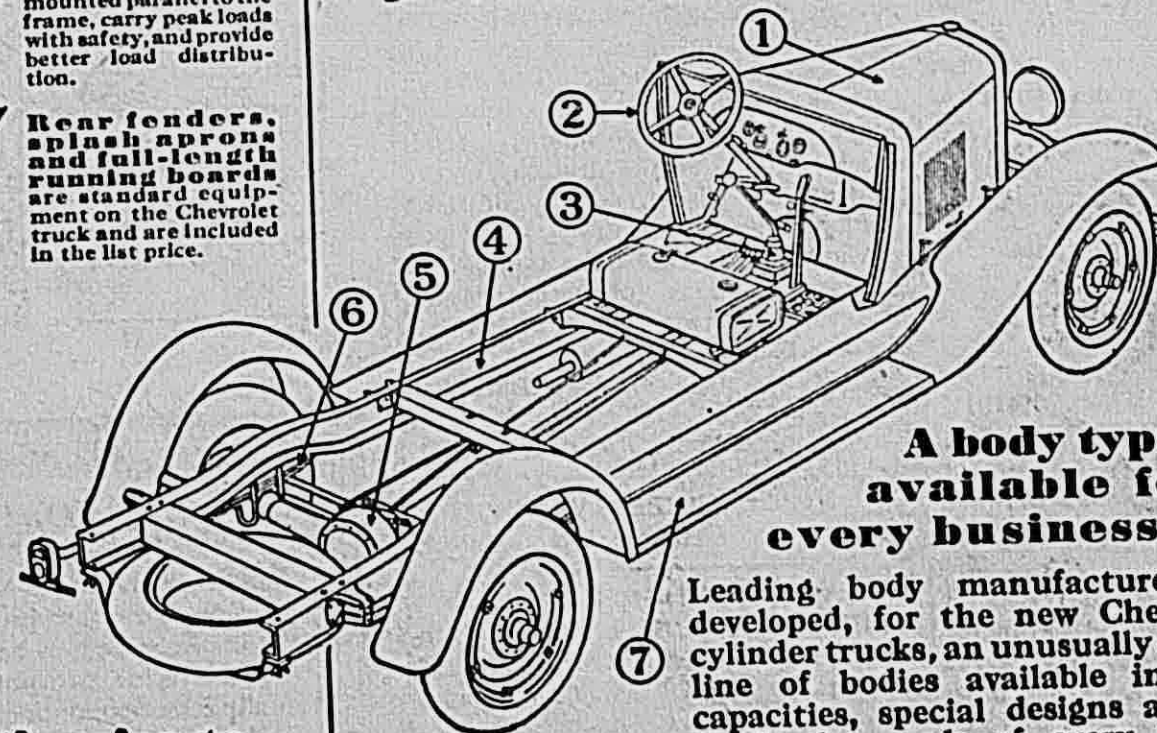

A six-cylinder engine runs smoothly—saving both the chassis and body from the harmful effects of vibration. It is more flexible in traffic. It requires less gear-shifting. And it maintains high speeds more easily.

The Chevrolet Utility Truck gives you all the superior-

ities of six-cylinder performance—for it is powered by a great 50-horsepower six-cylinder valve-in-head engine. And, in addition, it brings you all the advantages of modern design listed at the left.

Come in today and see this sturdy six-cylinder 1 1/2 Ton Truck. You can see for yourself why truck users are finding it's wise to choose a Chevrolet Six!

- 1 Six-cylinder engine—50-horsepower—combines remarkable smoothness, flexibility, power and economy.
- 2 Ball bearing steering offers a short turning radius of 23 1/2 feet and assures easy handling in restricted places.
- 3 4-speed transmission gives ample power for every condition of road or load.
- 4 Channel steel frame, 6 inches deep, 15 1/2 feet long, takes over-size bodies without excessive overhang. Chevrolet offers unusually low loading height.
- 5 The rear axle is bigger, stronger and has spiral bevel gears—locally accessible for inspection or adjustment, due to a detachable cover plate.
- 6 Four long semi-elliptic springs, mounted parallel to the frame, carry peak loads with safety, and provide better load distribution.
- 7 Rear fenders, splash aprons and full-length running boards are standard equipment on the Chevrolet truck and are included in the list price.

A body type available for every business need

Leading body manufacturers have developed, for the new Chevrolet 6-cylinder trucks, an unusually complete line of bodies available in various capacities, special designs and types to fit the needs of every business.

Chancery Notice

STATE OF ILLINOIS, COUNTY OF LAKE, ss. Circuit Court of Lake County, October term, A. D. 1930.

Grace Sengbusch, vs. Ervin Sengbusch in Chancery No. 24839. The requisite affidavit having been filed in the office of the Clerk of said court.

Notice is therefore hereby given to the said above named defendant, Ervin Sengbusch, that the above named Complainant heretofore filed her Bill of Complaint in said Court on the Chancery side thereof, and that a summons thereupon issued out of said Court against the named defendant, returnable on the first day of the term of the Circuit Court of Lake County, to be held at the Court House in Waukegan in said Lake County, on the first Monday of October A. D. 1930, as is by law required, and which suit is still pending.

L. J. WILMOT, Clerk. Waukegan, Illinois, May 14, A. D. 1930.

ASHBEL V. SMITH, Complainant's Solicitor. (43)

ADJUDICATION NOTICE—PUBLIC NOTICE is hereby given that the Subscriber, administrator of the estate of Richard C. Shannon, deceased, will attend the Probate Court of Lake County, at a term thereof to be held at the Court House in Waukegan, in said County, on the first Monday of July next, 1930, when and where all persons having claims against said estate are notified and requested to present the same to said Court for adjudication.

ARCHIBALD E. SHANNON, Administrator as aforesaid. Waukegan, Ill., May 12th, 1930. Runyard & Bohanna, Attorneys for the administrator. (42)

LONE CIVIL WAR VET. WILL PAY SOLITARY HONORS TO COMRADES

A. J. Felter, Tho Now In Good Health, Feels Time Slipping By

NOW IN EIGHTY-SECOND YEAR

May 30 means more to one man in Antioch this year than it ever did before. On that date for scores of years he has joined his comrades of Antioch township in commemorating the deaths of comrades of the Civil War. This year he will honor them alone.

For with the passing of the last twelve months it has come about that Addison J. Felter is the only surviving veteran of the war between the states. In conversation with a reporter of The News Wednesday morning he spoke feelingly of the fact that time had cut down his comrades one by one until he alone remained of the scores that once gathered here from time to time to live over again their experiences of the past and to trop a tear for comrades who had bravely answered their last bivouac call.

With a tinge of sadness Mr. Felter expressed his regrets that but few more Memorial Days remained for him. When The News man called attention to his present fine state of health, Mr. Felter spoke of recent severe illnesses as indicative of the fact that time was taking toll of him, nevertheless, and spoke of the uncertain tenure one has on "borrowed time."

Enlisted When 17 Years of Age Mr. Felter enlisted in January, 1865, in response to the last call for soldiers made during the Civil War. He was assigned to the 156th Illinois Infantry and spent the next seven months with the Army of Cumberland in the states of Georgia, Kentucky, and Tennessee, being mustered out of service at Louisville, Ky., in August, 1865.

Mr. Felter was born near Barrington, Ill., but his parents, Mr. and Mrs. Benjamin Felter, traded for a farm on the banks of Channel lake in 1857 and for the next 73 years Addison Felter has called Antioch his home. He is now in his 83rd year, having been born March 15, 1848. He was not quite 17 years of age at the time he enlisted.

Sixteen years ago, Mr. Felter recalls, there were 16 Civil War veterans still living in Antioch township. Last Memorial Day there were two living. But the death of Joseph Haycock since then leaves Mr. Felter to await the day alone.

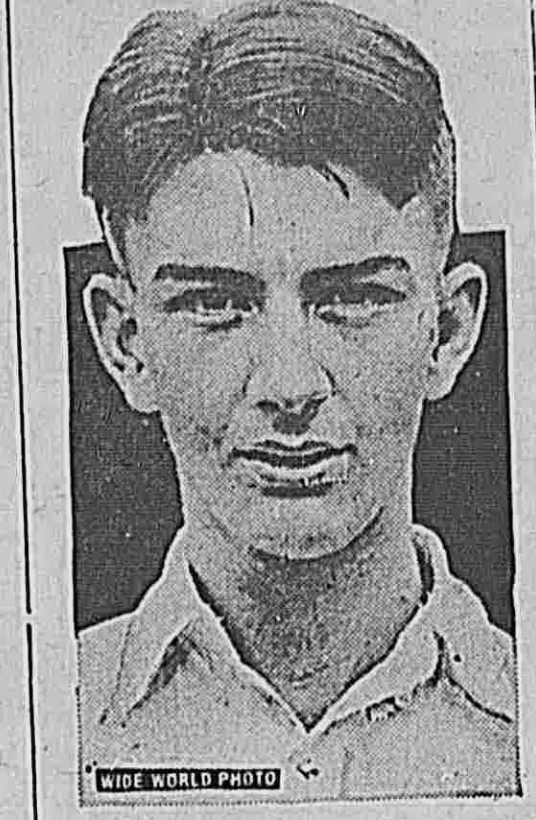

TO WED EX-PRESIDENT

Senorita Leonor Llorente, of Mexico City, whose engagement to Gen. Plutarco Elias Calles, former president of Mexico, has been announced.

The Antioch Firemen will hold a barn dance on the Eldora Horton farm located east of Antioch, on Saturday evening, May 17. Music will be furnished by Postoffice Boys of Kenosha. Tickets \$1.00 per couple.

The Biggest and Best Job on Earth

And what IS the "biggest and best job on earth?"

"PARENTHOOD—the raising of happy, healthy children!" answers a world of proud mothers and fathers.

And THEY ARE RIGHT!

PARENTHOOD is the "biggest and best job on earth!"

And CHILDREN are the most valuable property of our community.

Strange idea, isn't it?—but it is true.

The acid test of any community is, "Is this a good place in which to bring up a child?"

"More and better babies" is a safe and good slogan for the betterment of any community.

Of course we know that this is the best town in the world for a baby to be born in, but even the BEST can be BETTERED.

Many serious ills in after life are the result of child sicknesses. Failure in after life—even a large share of criminality—depends, to a great degree, on child habit and training.

Children's sicknesses are practically all contagious. This is a community responsibility. It is a matter on which no home can stand alone.

And, although raising children is primarily a job for the parent and the home, IT IS ALSO A SCHOOL, CHURCH, and CIVIC RESPONSIBILITY.

Every baby is important to its own parents, but it is also important and valuable to us all and to our community.

Every baby should be weighed, measured and examined for known and unknown defects. They should be taken to the doctor when they are "perfectly well." We should be working to spare them future illnesses, and should guard them against diphtheria, typhoid, smallpox and other preventable sicknesses. Every child should have a complete physical examination at least once a year—teeth, eyes, throat, legs, feet—every part of the body should be examined.

We all want to give our babies a fair start toward a useful and happy life.

The baby of today is our citizen of tomorrow—and every business and professional man and woman is interested in helping the mothers and fathers of this community with the "biggest and best job on earth"—raising happy, healthy children in

Why He Goes

"You must like the movies—you go so often," remarked the bachelor. "No," growled the married man, "my wife is simply crazy about them."

"Oh Promise Me"

At some time in her life Cupid pleads to every attractive woman. No matter what her features are, a woman who is sickly cannot be attractive. Sallow skin, pimples, sunken eyes, lifeless lips—these are repellent. DR. PIERCE'S GOLDEN MEDICAL DISCOVERY is just the tonic a run-down person needs. It enriches the blood, soothes the nerves and imparts tone and vivacity to the entire system. In liquid or tablets, at drug store. Send 10c for trial package of tablets to Dr. Pierce's Clinic, in Buffalo, N. Y., and write for free advice.

Unmarried Irishmen

Leading the world in unmarried residents, 80 per cent of the men in the Free State between twenty-five and thirty are unmarried. In northern Ireland, the corresponding figure is 62 per cent.

AUGUST FLOWER

—brings almost instant relief from terrible colic pains. Banishes heartburn, nausea, sick headache, biliousness, sluggish liver, constipation. Promptly restores good appetite and digestion, and regular, thorough elimination. GUARANTEED.

Ends DYSPEPSIA/Quickly!

Plenty Cause

"Daddy," said Bobby, "that sign we just passed said, 'Cross Roads.' What makes them cross?" "Being run over so often, I guess," replied his dad with a smile.

A girl with brothers is not likely to be so extremely exacting in her ideal of a husband.

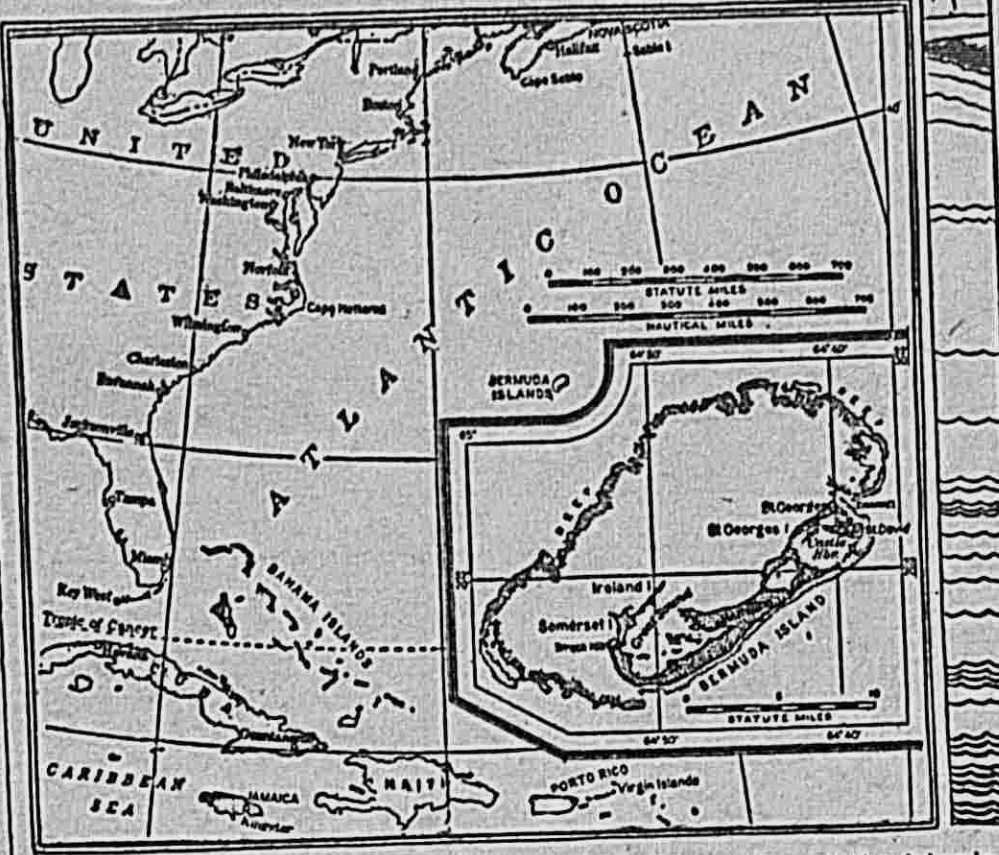

Daughter Is Healthy Now

"My thirteen-year-old daughter Maxine was troubled with backache and pain when she came into womanhood. I knew Lydia E. Pinkham's Vegetable Compound would help her because I used to take it myself at her age. Now she does not have to stay home from school and her color is good, she eats well and does not complain of being tired. We are recommending the Vegetable Compound to other school girls who need it. You may publish this letter."—Mrs. Floyd Butler, R. #2, Gridley, Kansas.

The BERMUDA ISLANDS

Map Showing Location of the Bermuda, With Inset Map of the Islands.

(Prepared by the National Geographic Society, Washington, D. C.)

THE Bermuda Islands, outpost in the Atlantic of the North American continent, have long been a resort for sojourners from the eastern United States, but never before have they been so speedily reached from the mainland as recently when the trip was made from New York by airplane in about eight hours flying time. Boats from New York require 48 hours for the voyage. In the Pacific, where there is much island competition, the Bermudas would be a negligible group; but in the almost islandless Atlantic they have played an important role. They form a microcosm, the political, economic, and religious controversies, and the development of whose people, as a solitary unit, far out to sea, reflect much of the world history of the English speaking peoples.

They are a group of what are said to be 305 islands (one for every day in the year) north latitude 32 degrees and west longitude 64 degrees. There are only five important islands, and all of the group are so close together that those capable of use are united by bridges and causeways, so as to give to the sojourner in his drives the impression that they are but one island, with large indenting bays and inlets.

Strung together, they have the form of a fishhook with the stem pointed to the northeast and the curve of the hook to the southwest. From the northeast end to the point of the hook, you can piece out a curving drive 22 or 23 miles long, and the width of the land from sea to sea through which you drive will hardly average a mile. The superficial area of the whole group is 19 1/2 miles.

The islands are nearly 600 miles from Cape Hatteras, the nearest mainland; they are 700 miles from Charleston, S. C., opposite which they lie in the Atlantic; they are nearly 700 miles from New York and about 60 miles farther from Halifax.

They are about 800 miles from the nearest of the West Indies; they are nearly 30 miles from the southern or southeastern edge of that river of warm water, 100 fathoms deep, flowing over an ocean depth 2,500 fathoms, from the gulf of Mexico to New Brunswick, Nova Scotia, and beyond to European shores, which we call the Gulf stream.

Pulverized Shell on Volcanic Rock. They are irregular hills and ridges of pulverized shells, reaching in some places to a height of 250 feet, drifted and deposited by the wind on the top of a mountainous column of volcanic rock rising from the floor of the sea three miles below. This peak is a solitary one in all that part of the Atlantic ocean. It has been covered by this wind-formed limestone and a thinner plaster of coral rock.

After the expedition of H. M. S. Challenger on her scientific exploration of the Atlantic ocean bottom and islands in 1873 had disclosed the lonely column upon which the Bermudas rested, there was an effort to reconcile what seemed a pile of coral rock three miles high in the sea with Darwin's conclusion that the coral animal would not work more than 100 fathoms below the surface.

A desire to find fresh water on the islands led to the sinking of a well 1,200 feet deep, and while it did not bring what was sought, it greatly gratified a lot of puzzled scientific men by disclosing that the coral rock and limestone were a mere cap to what was an old volcano sticking its cratered top up to within less than one thousand feet of the shining surface of the translucent sea.

The top of this undersea mountain is much greater in superficial area than that of the visible islands, but it is everywhere crowned with coral and limestone, which protrude in dangerous reefs on the north, west, and south sides of the islands, as far as eight and ten miles from their shores, sometimes peeping above the surface, and at others lurking just beneath.

One need not say that such a situation makes Bermuda an awkward place for ships to reach and safely land, and this circumstance is an important factor in her history.

Bermuda is all by herself in the scientific and naturalist world. Her soil, which is red, is nothing but the result of the working of the weather on the limestone and coral rock. These islands came from the wind and drift and currents of the seas. As one writer says: "Probably we could not select a more perfect example of current-formed islands than the Bermudas."

This origin has turned the closest attention of natural scientists to these islands and brought out from them many articles and volumes on the geology, conchology, zoology, astinology, arachnology, ichthyology, meteorology, and the flora and fauna of the little group.

While we cannot entirely exclude from the enthusiasm and prolific activity of our scientific men the motive which the charm and bodily comfort of the islands furnished for these expeditions thither, the publications manifest an exceptional interest on their part in this tiny spot on the world's and ocean's surface which the peculiar history of its creation has justified.

Some of the most fruitful sources of the spread of life, animal and vegetable, are wind, current, and birds; and here we have the result of them all in an isolated form, so set apart as to permit the most satisfactory study of their results.

The turtles must in old times have been of huge size; one, it was said, was large enough to give a good meal from its meat to fifty men, and the eggs and the oil of such monsters were equally useful. There are turtles there still, but they have been discouraged in their expansive ambitions and do not furnish forth a marriage feast as generously as in the dawn of civilization in that little community.

New Varieties of Life Flourish. The Bermudas are the land of adopted nativity. They are most hospitable to new varieties of life. Some enterprising grower of plants introduced a toad to take care of the insects which were troubling him in his garden, and though this was only in the latter part of the last century, one runs across everywhere frequent evidence of these immigrants.

Very early in the settlement, and before 1620, a vessel brought some enterprising rats, which, with enthusiasm worthy of a better cause, multiplied until they ravaged the islands, ate everything in sight, swam in great multitudes from one island to another leaving havoc in their train.

Cats were introduced, but to no immediate purpose. Even the fish took part in resisting the rats, and many of the fishy tribe were caught with rats in their stomachs. Suddenly they disappeared as they had come and left nothing but a plague of cats, with their night blooming characteristics, as a reminder of this rodent visitation.

Lovely Flowers and Climate. The luxuriance and wealth of color of the flora of the Bermudas have attracted the poets, who have sung their beauties. The purple bougainvillea, with its varying shades in and out of the sunlight, is entrancing in its beauty and welcomes one into the grounds of the government house, climbing over the smoothly cut walls of coral through which the white road makes its way to the home of the governor. The oleanders are so fine and so gorgeous in their hues that it has been suggested that these be called the Oleander Islands. Coffee, indigo, cotton, and tobacco are of spontaneous growth. It may not recall pleasant associations in the minds of the youthful to say that in no place does the castor oil plant grow more perfectly than here.

Dangers Forgotten in Keen Desire for "Drag"

This may not be your idea of a big moment, but it sure was one big moment for me.

I was a first-class private in the Seventh Machine Gun battalion, Third division.

On June 15, 1918, we were ordered to take positions on Hill 204. At this point the lines were very close together; in fact we could hear the hoes talking.

We were given strict orders not to smoke, for fear the enemy would locate our positions. Anyone disregarding these orders was very liable to be court martialed.

I was a runner at the time and was about all in for want of a smoke. Determined to get a few drags regardless of orders, I went into the shelter half, crawled under a blanket, and had just nicely got started to smoke when I strode Lieutenant Hoes. "Who in hell is smoking?" he bellowed. I knew I would be discovered anyway, and fearing the worst, I answered nervously, "Private Allan, sir."

He responded in a much lower voice, "For G—d's sake give me a drag—I'm dying for a smoke!"—Stanley H. Allan in American Legion Monthly.

Idea of Ungartered Hose Attracted Small Boy

The uncle, a young man, is addicted to the fad of wearing no hose supporters. Thus it was without any thought on his part that he carelessly sat in his usual manner, with crossed legs, which showed his hose to be hanging loosely about the ankles.

After he had left, his sister suddenly noticed her son's stockings were wrinkled in a manner that she deemed unattractive. However, thinking it was caused by his play, she straightened them without comment.

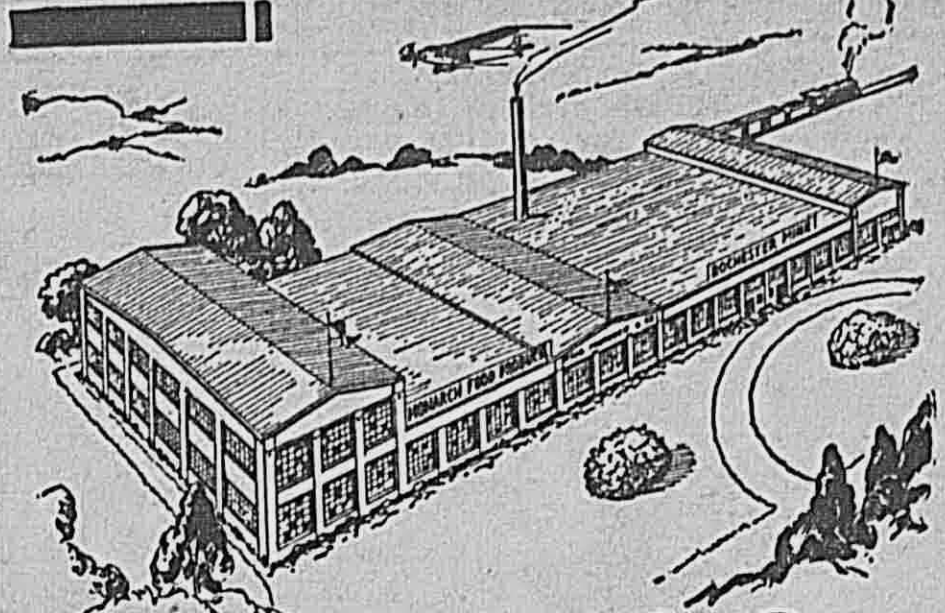

A half hour later the same condition was noted. This time the mother exclaimed impatiently, "Why, Robert, what are you doing that musses up your stockings in that way? Mother can't stop her work every few minutes to fix you up."

For repair of the state of the stockings, the boy finally the boy wore a pair of stockings in that way. His stockings like Uncle Charles did.—Springfield Union.

Liberal

When the French ministry fell right in the middle of the naval conference in London, Premier Tardieu shrugged his shoulders and smiled. "I think I shall be back," he told Secretary Stimson.

"And will you find it in your heart to forgive your enemies?" asked Mr. Stimson curiously. "I even forgive my friends," said M. Tardieu with a sad smile.

14,400,000 Cans

YES, more than fourteen million cans this season! Will be produced by this modern Monarch plant at Rochester, Minn.—the largest in the world for canning peas and corn. A model plant in every particular. No kitchen in a private home anywhere is cleaner or more sanitary. Floors are tiled, round cornered—everything spotless!

Farmers in the land of long hours of sunshine have planted more than 7,000 acres under contract with Reid, Murdoch & Co. Planted this enormous acreage with pedigreed Monarch seeds.

Every operation is supervised by Monarch men, from planting to canning. That is why you have peas with Nature's own fresh flavor under the Monarch label—sweet and tender peas that almost melt in your mouth; many say, "These must be fresh picked peas right out of the garden."

More than 250 Monarch Quality Foods, including: Monarch Canned Fruits (all varieties), Monarch Canned Vegetables (all varieties), Tea, Coffee, Cocoa, Spices, Baking Powder, Sweet Pickles, Sour Pickles, Mixed Pickles, Catsup, Chili Sauce, Preserves, Jellies, Peanut Butter, Grape Marmalade, Tomatoes, Evaporated Fruits, Canned Fish, Canned Meats, Cereals, Soups, Grape Juice, Spaghetti, etc.

Shocked the Waitress

The American colony at Istanbul, Turkey, is chuckling over the linguistic mishap of an elderly American woman missionary, who after long years in Turkey, visited the United States. Lunching in a sedate New York tearoom, the missionary called a waitress and ordered a glass of lemonade, said: "Bring me some booze." The waitress stared, but the dignified old lady repeated her order unfrustrated. Unwittingly she was using the Turkish word for "ice."

Deterred

"Did you propose to the lady editor?" "No; I saw her reaching for a rejection slip."

RAISE RABBITS

Add to Your Income

Let us start you in the Rabbit Business. We teach you how to raise them—furnish the equipment if desired and help market what you produce. Our plan is simple and we want to tell you more about it—tell you how to breed rabbits and care for them. Write us for complete details or visit our experimental streets shown, Ill.—Producing Plant at Bradwell, Ill.—20 miles south of Joliet on Route 4. PRIMA DONNA RABBIT & FUR CO. "You say that you made \$1,000 out of the stock market?" "Yes—by staying out!"

"No other Flour could make such light fluffy Biscuits,"

says Mrs. Schneider

Mrs. Frank Schneider, Peoria, Ill.

"That's How I Knew It Was 'Kitchen-tested' Flour"

"My husband brought home a 'sack of flour' and put it in the bin. I did not see him do it and I did not ask him what kind it was. But when I made biscuits with this flour—which I consider the supreme test—they came out light and fluffy every time. Then I found the blue slip and I knew I was using Gold Medal Flour. It had met the test and come through with flying colors. No other flour can satisfy me now. I could tell Gold Medal 'Kitchen-tested' flour in the dark."

Thousands of Women Have Taught "Guess Work" From Their Baking. They now know they can get perfect results every time—that time is saved and worry eliminated.

THEY use a new-type flour for all baking purposes—GOLD MEDAL "Kitchen-tested" Flour—that simplifies baking remarkably and banishes the cause of most baking failures.

Failures, experts found, were mostly due to the fact that two sacks of the same flour often acted differently, even with the same recipe... it was not uniform in oven action.

So now all GOLD MEDAL Flour is "Kitchen-tested" before it comes to you. As each batch comes

through the mill it is tested by actual baking—bread, cakes, biscuits, pastries—in an oven just like yours. Only flour which acts the same perfect way every time is allowed to go out to you. Thus you know in advance exactly what your results will be.

Special "Kitchen-tested" Recipes In Every Sack

(Changed Every 3 Months) Please accept, (free of charge), simplified recipes for 12 of Betty Crocker's most delicious baking creations. Recipes for daintiest cakes, the finest cookies, the most popular pastries known. Each one is "simplified" until it is remarkably easy, too.

All 12 of these simplified "Kitchen-tested" recipes are inside every sack of GOLD MEDAL "Kitchen-tested" Flour. You can get a full set today—simply ask your grocer for GOLD MEDAL "Kitchen-tested" Flour.
